Family and intergenerational influences on health and well-being in Europe, Emily Grundy

discussion

Lifecourse and health – what I've learnt

Life course (family +
intergenerational relationships)

• Health outcome

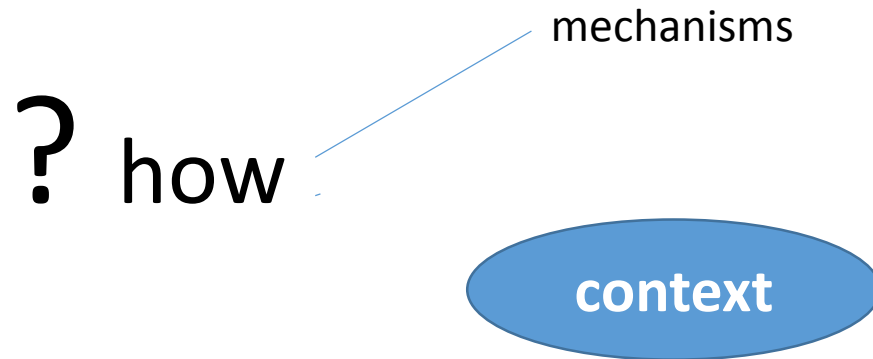

*... in a changing world:
- fragility is increasing;
- shocks can have
greater impact*

? how

mechanisms

context

(open?) questions

- Context is a confounder or interacting? (2)
- Keys contextual variables (the same influencing health)? (3)
- Models... (1)

(1) Steele, F., & Grundy, E. (2021). Random effects dynamic panel models for unequally-spaced multivariate categorical repeated measures: an application to child-parent exchanges of support. *Journal of the Royal Statistical Society Series C: Applied Statistics*, 70(1), 3-23.

(2) Murphy, M. J., & Grundy, E. M. (2022). Slowdown in mortality improvement in the past decade: A US/UK comparison. *The Journals of Gerontology: Series B*, 77(Supplement_2), S138-S147.

(3) Salvatore, M. A., & Grundy, E. (2021). Area deprivation, perceived neighbourhood cohesion and mental health at older ages: A cross lagged analysis of UK longitudinal data. *Health & Place*, 67, 102470.

Emily, thanks for your work!

The base metals are found on the surface: the most precious are hidden, however, in the bowels of the earth, and provide a greater reward to those who have the constancy to dig.

Seneca, Lucilio's letters, 1° century...

... and thanks for your attention!
